

Could we cut costs on this job by using a TORNADO?

17 ways to blast tank floors faster

**Blast at more than twice the
speed at up to half the cost!**

The Tornado Spin Blaster is a revolutionary blasting concept designed to save you time and money.

- 1** Achieve blasting speeds up to **1,200 square feet (110m²) per hour**
(Results depend on site complexities)
- 2** Use up to **50% less abrasive**
